

# Circle Picks - Product & Marketing Roadmap

## Positioning

**Tagline:** "Stop trusting strangers. Discover places from people you actually know."

**Value Prop:** Trust-filtered recommendations from your personal network, not anonymous reviews.

Competitor	Trust Source	Circle Picks Advantage
Yelp	Strangers	Friends you know
Google Maps	Algorithm	Personal taste match
TripAdvisor	Tourists	Local insiders

## "Wow" Features

### Tier 3 - Seasonal

Feature	Description	Why It Matters
Travel Pack	Auto-generated city guides from friends	High value for travelers

<b>Recommendation Receipts</b>	Spotify Wrapped-style annual stats	Viral sharing moment
<b>Map Overlap</b>	Visual map of shared taste with a friend	Shareable for couples/BFFs

## Feature Details

### 1. Smart Wishlist → Review Loop

Bookmark → Visit (detected) → "How was it?" prompt → One-tap recommend → Friends see → They bookmark

**Triggers:**

- Location proximity detection
- Manual "I visited" check-in
- Weekly digest: "5 places to review"

**Gamification:** "You've reviewed 8/12 visited spots this month"

### 2. Ask My Circle

**Flow:**

1. User posts: "Best pizza in Brooklyn under \$20?"
2. Friends get notified
3. Friends tag existing picks or add new ones
4. 24hr expiration with summary

**Viral:** Non-users receive SMS invites when tagged.

### 3. Map Explorer with Smart Filters

**Filters:**

- Tags: Coffee, Dinner, Brunch, Date Night, Family
- Price: \$, \$\$, \$\$\$, \$\$\$\$
- Distance: 1mi, 5mi, 15mi
- Source: All friends, Specific friend, High match only

**UI:** Friend avatars on map pins. Tap → see recommender + note.

## Growth Loops

ASK & ANSWER

User asks → Friends answer → Friends ask → Repeat

#### WISHLIST CONVERSION

Save → Visit → Recommend → Friends save → Repeat

#### TASTE DISCOVERY

Follow → See match % → Follow similar → Better feed

## Key Metrics
